

2016 TOUCH A TRUCK DAY!

Benefitting Communities In Schools of Lee County

Presented by: The Raleigh Executive Jetport and Central Carolina Community College

Communities In Schools of Lee County will be hosting this year's Touch A Truck Day on Saturday, April 23. Planes, trucks, equipment and vehicles of all shapes and sizes will gather at The Raleigh Executive Jetport from 10am to 2pm where children of all ages will have the chance to touch, play and explore these amazing vehicles!

Communities In Schools (CIS) is the leading dropout prevention organization in the nation, and has continued its strong model and significant results by serving at-risk students in Lee County since 2004.

CIS addresses the complex obstacles faced by today's youth—poverty, unstable home lives, dangerous neighborhoods, limited access to transportation or to health care. Removing these obstacles can allow an at-risk student to progress undistracted in school, graduating prepared for enrollment, employment or enlistment, and feeling empowered to achieve and succeed. Through a school based site coordinator, CIS connects students and their families to critical community resources, tailored to meet individual student needs, be they academic or personal. As a result, CIS provides the link between our educators and the community, which means teachers are free to teach, and students—particularly those who are in danger of dropping out—can focus on learning. Communities In Schools consistently delivers outstanding results for our community's most vulnerable and at-risk students. We hope that you will partner with us in our ongoing mission to surround students with a community of support, empowering them to stay in school and achieve in life.

This is a great opportunity to showcase your business, connect with the community and help Communities In Schools – all at a great, family friendly event! All vehicles can participate at no cost to you or your business but we do anticipate all of our spots filling up. Please complete the attached application and return it by April 1, 2016. A rain date is also scheduled for April 30.

If you have questions about the event please feel free to contact us at 919-718-5426 or cisleedirector@gmail.com. We look forward to seeing you there!

Heather McKenzie
Executive Director
